

sylar::Logger::debug

```
graph LR; A[sylar::Logger::debug] --> B[sylar::Logger::log]
```

A diagram showing a call from `sylar::Logger::debug` to `sylar::Logger::log`. The `sylar::Logger::debug` node is a gray rectangle on the left, and the `sylar::Logger::log` node is a white rectangle on the right. A blue arrow points from the right side of the gray rectangle to the left side of the white rectangle.

sylar::Logger::log
